Re: Myronowicz v. Smalley, et al.
Tehama County Superior Court Case No. C161696

Dear Judge Hill:

It is a rare occasion in my many years of practice a case such as the one you mediated yesterday settles in early stages. My client and I attribute the success of the process to your able assistance and your wisdom, knowledge, background, and your family's four generations of life experience in local community issues. They wished for me to convey to you their gratitude in bringing this matter to a close and their hope that they may indeed move forward to "mend fences," literally and figuratively, with their neighbors. They also asked me to express their recognition of how hard you toiled to accomplish a very difficult task.

Personal Regards,
